Certification

AIM Qualifications Level 5 Diploma in Retrofit Coordination and Risk Management

Eligibility

National Vocational Qualification (NVQ) at Level 3 or above in a subject related to the management or supervision of construction and domestic construction projects.

Assessment

Portfolio of evidence
Written assignments relating to the key learning objectives
A verbal presentation relating to a real-world case study

Method of Study Supported Online Learning

Duration Self-paced (typically around 150 hours of learning and assessment)

Timescale Learners have up to 12 months to complete the course.

Cost £1925 - £2595 + VAT dependent on background and study method.

PAS 2035 RETROFIT COORDINATOR TRAINING

Retrofit Coordinators are the project managers who oversee domestic retrofit projects from start to finish.

They are experienced professionals who support homeowners, residents and landlords to achieve their retrofit goals. They have to comply with British Standard PAS 2035 and are regulated by a government-endorsed TrustMark consumer protection scheme.

The Retrofit Academy offers the original and best Retrofit Coordinator Diploma – trusted by over 3,000 learners to date and endorsed by leading industry employers.

What's more, your course price includes TrustMark accreditation for your first 12 months of practice. Plus, Professional Membership with The Retrofit Academy includes all the support you need as you start to practise, together with Homelife software.

The Retrofit Academy offers the highest quality retrofit training courses, underpinned by brilliant customer support, at a market leading price.

THE UK'S PREMIER COORDINATOR QUALIFICATION

Why take this course?

Designed for those with previous skills and experience, the Level 5 Diploma in Retrofit Coordination and Risk Management is the UK's premier qualification for those wanting to lead domestic retrofit projects and programmes. By completing this course, **you will become fully qualified and accredited** – ready to address the challenges and grab the opportunities that await.

The Learning Experience

Study Your Way with The Retrofit Academy

For Chartered Professionals - £1925 + VAT

A self-paced, streamlined route designed for chartered or senior practitioners (holding a Level 4 qualification or higher in a built environment subject) confident in independent study. Includes full access to our online learning platform and the flexibility to study at your own pace.

Standard Route - £2,595 + VAT

A structured learning route for those with a Level 3 built-environment qualification, including full course access plus weekly tutor-led drop-in sessions, Q&As, and ongoing support - ideal for learners seeking guided progression and confidence-building.

Benefits

Whichever method of study you choose, you will benefit from:

- 12 months TrustMark Accreditation
- Dedicated mentoring from an industry expert
- Access to The Retrofit Academy Hub
- Access to Homelife Software
- Access to Retrofit Jobs Board and Careers Advice
- Exclusive member only events

RETROFIT ACADEMY PROFESSIONAL MEMBERSHIP

Upon graduation, you will become recognised as a Retrofit Academy Professional Member. You can progress through Practitioner levels to ultimately apply for Retrofit Academy Fellowship.

Professional Membership gives you access to a range of services designed to support your career and professional development. The first 12 months are **FREE** post graduation. The ongoing membership fee is £295 per year plus VAT, which includes your TrustMark registration.

You will gain access to The Retrofit Academy Hub providing:

- Your own profile page to showcase your skills and achievements to the retrofit sector
- CPD-accredited courses to maintain professional status
- Connectivity with employers and job opportunities
- Access to regular online events throughout the year
- Access to Technical Discussions and Best Practice Groups
- Access to Homelife Software – end-to-end retrofit management data-tracking, coordination, monitoring, lodgement and reporting with full **TrustMark** integration

Recognition at every stage of your career

From Student to Practitioner, as a Professional Member you will receive a digital badge reflecting your experience as a qualified Retrofit Coordinator.
