

# 2026 Finalists Announced

# The Retrofit Academy CIC is the Driving Force in Retrofit Skills and Knowledge.

We have led the way in attracting, training and developing the UK's retrofit professionals since its inception in 2016. Those people now form a community of practice that is driving high-quality retrofit at scale.

The Retrofit Academy Awards are the only event of their kind and celebrate excellence in retrofitting, honouring outstanding contributions across the industry. By aligning your company with this event, you are not only showcasing your commitment to innovation and sustainability, but also place yourself at the heart of a network of over 200 market-leading organisations.
